- 1 I love this single's new album. It consists of ten songs, and every single one is a real hit. The lyrics are also great, mainly about love, though.
- 2 Last weekend, I went to our local art gallery to see some oil paintings painted by my friend. The best one showed three blue vases with yellow flowers. My friend is also good at pencil sketches but decided not to show them this time. The exhibition was definitely worth seeing.
- 3 This film is really dull. The plot is hard to follow, it's full of violent scenes, and the score is depressing – the worst music I've ever heard! It's hardly a classic, it won't win any awards.
- 4 I enjoyed this play. It consisted of three acts. The script was very original and well played by the actors. I loved the costumes the actors were wearing and the set decorations.
