After several people apparently vanish into thin air while walking along the same country road, New York aged detective inspector Mr. Gryce calls on the skills of Miss Amelia Butterworth to help him solve this most puzzling crime. In *Lost Mans Lane* the author Anna Katharine Green shows that she has lost none of her cunning in inventing an intricate and absorbing plot, and in unfolding it carefully bit by bit by the agency of her chosen hero or heroine. This is classic Green, with lots of high drama and a twisting, many-layered plot turning on stubbornly kept secrets and the fine points of physical and circumstantial evidence. The mystery is well sustained and readable.
